

Limited slots available

Click Here to apply online at lafayettechoice.com

In an attempt to give students a more exciting and fulfilling educational experience and improve the ethnic diversity of its schools, the Lafayette Parish School System offers Schools of Choice at the Elementary, Middle and High School levels.

These schools offer specialized programs or themes that give students the core curriculum required by state guidelines in the context of a subject in which the student has an interest. All students in the parish are eligible to apply for admission to any School of Choice, although they must complete the application process.

For more information call 337-521-7044 or 337-521-7160
