

# Application for Information

**Attention Parents:** For the past two years, we have been training our teachers at Moss in the International Baccalaureate method. We have planned to apply for candidate status with the IB Organization this spring. However, a recommendation also has been made to convert N.P. Moss Middle School into a Career and Technical High School. This recommendation is under consideration by the Lafayette Parish School Board. If this recommendation is accepted, N.P. Moss no longer will exist as a middle school, and this opportunity will not be available for your child. In the interim, please provide us with your contact information so we can keep you advised of the continuing status of this program.

**PARENT'S NAME:** \_\_\_\_\_

**STUDENT'S NAME:** \_\_\_\_\_
